

Rainbow Tree

Bringing a balance of diversity to education

Colour all your senses with "Rainbow Tree". A creative and holistic activity for children of primary school age. Rainbow Tree is a story, a song, interactive exercise and meditation celebrating diversity, growth and transition. Rainbow Tree is available in three varying sizes:

"Seed" (Free Assembly sessions)

"Bud" (Workshops of 2 x 30 minute sessions)

and

"Branch" (Transitional Workshops for Feeder Primary Schools and Secondary School collaborations).

We begin the first workshop session with the Rainbow Tree story followed by a physical drum workout of rhyme and rhythm exercises and the Rainbow Tree Song. The second workshop session begins with the Rainbow Tree song as spoken word leading to a calming and reflective meditation with gongs and singing bowls.

Rainbow Tree is ideal for a creative and fun educational workshop or to add value to an event like a planting or tree dressing ceremony or as a collaboration between two schools or classes.

Contact us to discuss your requirements or suggest something new to grow on the Rainbow Tree.

Excerpts from Rainbow Tree below:

Song (Chorus):

*Red Apple, Yellow Lemon, Orange Orange Tree
Pink Grapefruit, Blue berry, Green and Purple Grapes,
These are the rainbow fruits of so many shapes!*

Story (excerpt):

*The sun and rain tried they the best they could, but the seed just clearly misunderstood,
Until they held a meeting in the sky together and changed their view and changed the weather,
And from this joining up of ideas the sun shone through the rainy tears,
To make a rainbow smile upside down, that gently pushed the seed up from the ground.*
